Wrinkles

Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will say so.

RICHARD COHEN WORSE.

His Condition Changed Again And He May Die.

Richard Cohen, who was suffering yesterday from the effects of a blow received while trying to escape from policeman Scott a few days ago, waked up this morning feeling better and was able to eat his breakfast after being raised up on his pallet. Two other negro prisoners were put in the cell to watch him yesterday much against their wishes, but they attended him like nurses. About 10 o'clock this morning, however, Richard grew worse again and suddenly straightening himself on his pallet, clinched his fists and teeth. His two attendants were frightened out of their wits, and began yelling at the top of their voices that "this nigger's dyin'." Then every negro in jail immediately took it up, and if the fellow had been conscious would probably have taken part in the cries.

Deputy Sheriff Davis and the jailer ran up to the cell and seeing his condition Mr. Davis summoned Dr. Ledbetter at once.

Nothing could be done for Cohen, however, as no medicine could be taken. Dr. Ledbetter thinks that blood has clotted in Cohen's head and that he can live but a little while. It is thought that he will have convulsions and the end will soon follow.

Officer Scott is much troubled over the condition of the negro for though he would have been amply justified in killing him, he would not like to take a man's life under any condition. Mr. Scott seems to be the only one who sees any anxiety over the negro's condition, for the general opinion is that the officer should have killed him during the fight, for had the negro freed his right hand he would doubtless have killed the officer.

HIS SEMI-ANNUAL TEAR.

And The Same Old Gun Did The Shooting.

A certain young man who lives in South Greensboro has a way of getting drunk about every six months and though his tears are far between he usually makes up for lost time for he tears up everything available. During his six months of sobriety he saves nearly all of a neat income, but one week of drunkenness and it is gone. He has a good gun which he always shoots when drunk. Last year he was out on a lark and when he saw a policeman coming to arrest him, he blazed away at the bluecoat. But his aim was very Spanish and the shot went wild. Soon after this he sobered up and began to save money as he never had before for a term on the county roads seemed almost inevitable. Influential friends saved him however, but the judge told the young man if he ever came up again he would get the full benefit of the sentence.

Yesterday afternoon he began a tear and last night about 11 o'clock he got his gun and proceeded to wake up the inhabitants. He fired several shots and retired. Early this morning he was out again armed to the teeth, a belt of cartridges, gun, flask, and everything used in modern warfare, signifying his intention to "shoo's more."

A few hours later he came up the street accompanied by two policemen.

Was He Mad?

A dog on Monday evening last was killed in the dry goods store of S. G. Hodgins & Co., by Mr. Jeffreys, a health officer of the city. The dog rushed into the store. The people began yelling, look out! danger! close your doors! mad dog! As soon as the alarm was given Mr. Jeffreys appeared, and quick as a flash, silenced all the trouble by firing two pistol shots into the dog. The ladies and all those in the store climbed on the counters and went up stairs—anywhere to seek safety. A lady riding a bicycle said the dog snapped at her twice.

About Transfers.

If you have moved from one precinct to another, you must get a transfer. Sometimes it takes only a very little move to get you into another precinct. Elm and Market streets divide the town precincts, and if you have moved across either of these streets in two years you must register.

ENGINEER WOULDN'T STOP.

But a Few Shots Made Him "Heave To"

THE ILLINOIS MINING TROUBLE.

In the Event More Negroes Are Rushed In, Bloodshed Will Most Certainly Result.

By Wire to THE TELEGRAM.

Viridian, Ill., Oct. 14.—The north-bound freight struck a torpedo on the track, placed there by soldiers, this morning, but the engineer refused to stop. A few shots in the direction of the engine stopped him, and the train was quickly searched, but no imported negro miners were found.

It is feared the negroes may be rushed in some time today. In that event bloodshed seems certain. Manager Lukins is still inside the mining company's stockade, fully realizing that he will be shot if he attempts to leave.

IN A QUANDARY

Springfield, Ill., Oct. 14.—The negroes from from Alabama who were sent to take the place of the miners are still here. The miners and state officials are in a quandary to know what to do with them. The troops are still on guard.

MERRITT TO THOMPSON.

Let's Make Him Some Appointments.

On Wednesday last our townsman, J. W. Merritt, happened to be in Le-noir, and after selling his usual amount of goods, he learned Dr. Cyrus Thompson was to make a speech, and he went out to hear him. He sat and listened patiently to the Dr.'s exaggerations until he finally made the statement that there was not a county in North Carolina in which there were not negro road overseers, appointed by democrats. This Mr. Merritt could not stand, and rising to his feet he interrupted the Dr. in the midst of his speech with the following words: "You will have to except good old Guilford from that list, Dr."

Dr.: "Well, then, that is the only county in the state in which there are none."

Merritt: "Well, do you endorse the appointment of negroes to this position?"

Dr.: "No, most assuredly, no."

Merritt: "Well, then, what are you mouthing about?"

And with Mr. Merritt we would like to inquire what the Dr. is mouthing about.

Oh, the Vile Stuff!

The buildings of the Union Theological Seminary at Richmond, Va., were dedicated October 5th. We notice that one of the buildings is named Watts Hall, and that Dr. G. W. Finley, President of the board of trustees, "most heartily thanked Mr. G. W. Watts, of Durham, for his princely gift to the church and to God." Mr. Watts is a member of the American Tobacco Company, and according to those people who have berated and abused Trinity College, the Theological Seminary is educating its young ministers with corrupt money.

We call attention to this particular to the fact that Elizabeth College at Charlotte is also a beneficiary to a large extent of Mr. Watts' magnificent generosity, and that even the young ladies are being educated on money that is "tainted."

We think after reading these two items the bewilderment of good Dr. Yates, of Durham, will be greater than ever. There is not an individual or a church or a society or anything else in the country which would not accept a gift of \$100,000 from the American Tobacco Company, corrupt and vile as they say it is, and the pious people who think the trustees of Trinity College should give back the money would be the quickest to jump at such an offer.—Concord Times.

The Dog and Pony Show.

The American Dog and Pony show arrived this morning and spread their tents on Davis street near McAdoo's stables. They are showing this afternoon to a fair crowd. A short street parade started at the tent at noon today and paraded several streets. They are said to have about forty dogs and a goodly number of ponies, goats, monkeys and other animals.

Auckland, New Zealand, Oct. 13.—Advice from Samoa say the German warship Russard brought Chief Matafa and other exiles from Apia. Matafa has promised to be loyal to the government and observe the Berlin convention.

The Musical last night at the opera house given by the Boston Italian string band was exceedingly well attended and much enjoyed by all. They are all artists and will repeat the concert tonight. Admission 10c. Reserved seats 15c.

Mr. and Mrs. E. A. Benigni, W. B. Steele, A. C. Dodamead, A. A. Holton, Wm. Padridge and W. L. Holton went to Greensboro on the noon train.

C. J. Johnson returned this morning from Charlotte and Rockingham where he has been in the interest of the Snow Lumber Company.

S. E. Peterson went to Winston today.

Whenever that poor coward will reply to us over his own signature instead of putting his name among the prominent people who were present and signing his poor, nauseating mess of rot and lies "One Who Was Present," we will gladly prove every statement that we made except the one regarding the flag which we corrected yesterday. As to anybody going home drunk. That is—a lie.

Flaj. Stedman Invited.

The people of Wilmington, his old home, have extended a pressing invitation to Maj. Charles M. Stedman, ex-Lieut. Governor, now of Greensboro, to deliver a democratic speech in that city soon, and upon his expressing the fear that business engagements might prevent, have repeated the invitation in an even more urgent manner than at first. The people of Raleigh would be glad if the Major could so arrange matters as to stop over in Raleigh and endorse the democrats of this town with one of the magnificent speeches which it is his custom to make. The writer remembers a speech delivered by Governor Stedman in Winston during the Fowle-Dockery campaign of 1888, which surpassed any speech heard in that town during that memorable campaign. The audience arose to their feet as one man at times and by the spontaneous outbursts of applause kept the speaker silent for minutes several times during its delivery, and at its close several citizens picked the speaker up bodily and carried him around on their shoulders amid the most thunderous applause.

One witness such scenes only once or twice in a life time. Forsyth went democratic that year, too.—Morning Post.

Dr. Dodson Dead.

Special to THE TELEGRAM.

Reidsville, N. C., Oct. 14.—Dr. D. R. Dodson, of Milton, N. C., who has been a prominent physician in his day, died at his home there yesterday evening at the advanced age of 84 years.

Skinner Hard Pushed.

Elizabeth City, N. C., October 13.—Three negro magistrates have been appointed by the republican superior court clerk of this county, and one negro registrar, each in the first and fifth wards and two in the fourth of this town. The negroes are demanding official positions of the white machine managers. The better class of white republicans are deserting the sinking ship like so many rats. Conservative estimates are being given out by close calculators among the republicans, which concede the defeat of Skinner for congress.

Schenck as a Roaster.

The way D. Schenck, Jr., peeled the hide off the republican speakers, Walser and McCrary, at Oak Ridge, was a caution. Those who heard it say it was most scathing and withering. To the end of time we presume there will always be people who are foolish enough to monkey with a buzz saw.

Nice fruits, home-made candy, Royter's fide candy, salted peanuts, roasted chestnuts, 200 baskets Concord grapes at the Kandy Kitchen.

An important business meeting of the club will be held in Dr. Whitsett's office at 8 o'clock Thursday night. A full attendance is urged.

IS THERE A CONSPIRACY

Against The Ministry of The French Government?

REPORTS A LITTLE CONFLICTING

French Arms Are Said to Have Suffered a Serious Check and Were Forced to Retreat With Loss.

By Cable to THE TELEGRAM.

Paris, Oct. 14.—The Politique Coloniale today publishes a dispatch from the Ivory coast of Upper Guinea saying that the French arms have received a serious check. A column of Tirailleurs, which had been dispatched to suppress the rising of Bourbourys were forced to retreat with a loss of seven killed and ten wounded. The Bourbourys, according to the dispatch, are preparing to march upon Jacqueville, where a number of French trading factories have been established.

TO OVERTHROW THE MINISTRY.

London, Oct. 14.—A Paris dispatch to the Local News Agency says that letters and documents written by a general holding a high position have been intercepted, which it is said, leaves no doubt about the intention of that officer to bring about an overthrow of the ministry.

A pronouncement, it seems, was to be issued Oct. 15, which would have the effect of a seizure of the civil government by the military authorities. When Brisson was warned last night of the existence of the conspiracy he said the news coincided with prior information received from private sources.

It is announced, that in consequence of these relations, General Chanoine will not leave Paris as he intended. On the other hand, a dispatch from Paris to the Globe, says inquiry at the home office shows the report of the existence of a military conspiracy against the ministry is unfounded.

FIFTH JOINT SESSION.

The Matter of the Cuban Debt in Consideration.

By Cable to THE TELEGRAM.

Paris, Oct. 14.—Commander Bradford has arrived from Washington and was examined today by members of the United States commission relative to the conditions prevailing in the Philippine islands, with which he is well acquainted.

The fifth joint session convened at two o'clock today. It may be said that the first, second and third meetings scarcely penetrated the surface of any pro-colonial point. Last Tuesday the Spaniards, presentment regarding the Cuban debt brought the Americans to the formulation of their plan. It is believed they will assume the debt as a whole or in part and that it has been reduced to writing for presentation at the meeting today.

Rebelle Against Aguinaldo.

STILL DOING THE WEST.

President McKinley at St. Louis Tuesday.

By Wire to THE TELEGRAM.
St. Louis, Oct. 14.—The Presidential train arrived soon after 9 o'clock this morning. About an hour before, just as the train was speeding across the Missouri river, the president arose and breakfasted. The weather is excellent.

At Spanish Lake, a station 15 miles distant, the reception committee of thirty citizens boarded the train to welcome the president. Among them was Governor Stevens, ex-Governor Francis and Mayor Zeigheim. Mr. McKinley looks very tired, and when he met General Shafter last night he said he was wearing himself out by continued outdoor speaking.

A Strike Ordered.

By Cable to THE TELEGRAM.

Paris, Oct. 14.—The railroad workers union have posted placards ordering a strike and urging the strikers to refrain from violence and informing the public if danger threatens the country the strikers will immediately return to their posts. The strike includes the Algerian provinces.

General Sumner's Promotion.

By Wire to THE TELEGRAM.

Washington, Oct. 14.—Major General Sumner received his promotion for gallantry in the battle of Santiago and will soon be sent with one corps of the army south and given command of a division. He is at present the chief mustering officer in Pennsylvania.

If the Caucasian can prove that white is black then that paper has the right name after all.

The peace commissioners in Paris have practically come to a deadlock. The Spanish commissioners are evidently of the opinion that Uncle Sam was simply fighting for fun. But the United States commissioners are sent to Paris to carry out the demands of the home government and they must do it just as faithfully as Dewey did at Manila and Schley at Santiago.

If there is one public official who above all others should be a Christian and a sober man it is that of superior court judge. All North Carolina knows the scandal brought on the state by the drunken debauchery of Judge Norwood, yet he holds court just the same. Will we ever be treated to such antics on the part of any other judge? Norwood should be impeached and in addition to this a seal of condemnation should be placed on the judicial aspirations of every man who is a known drunkard and a profane swearer. Let us have decency on the bench, by all means.

The further fact that Trinity College at Durham is located in a few hundred yards of one of the large cigarette factories of the American Tobacco Company, together with the fact that Mr. Washington Duke has given large sums of money to its endowment caused many people to fear an undue influence would be exerted upon the faculty and student body in favor of the use of cigarettes. They believe it is wrong to put boys where any encouragement whatever is given to the cigarette habit and they felt they ought to express their views. This increased the opposition to the existing order of things. Extract from Dr. Crawford's editorial in Christian Advocate.

Now, in all candor and earnestness, Dr. Crawford, if it is dangerous to locate a college near a cigarette factory, isn't it dangerous to build our homes near stores where cigarettes are sold? And isn't it dangerous to build our churches in towns and cities where there are bar-rooms? If the matter of location has anything to do with it, wouldn't it be better to ignore a town with bar-rooms in it and move our families, our schools and our churches to the country? And if Trinity College must refuse Mr. Duke's money, must not our preachers and people refuse to accept money that has paid for heartaches, drunkenness and debauchery over a bar-room counter?

If it is wrong "to put boys where any encouragement whatever is given to the cigarette habit," why, then, isn't it wrong to put them in towns where

they have free access to bar-rooms? It may be that there is a distinction which we are too obtuse to discern, but there are many people who cannot understand why the fight on "cigarette money" should go to the extent of trying to ruin the character of the president of Trinity College, and that evils which are at our doors continually, day and night, are paid so little attention.

The lives average about forty pages each, and are supplemented with the speeches and writings of the subjects—some of the best literature North Carolina has produced.

The book is the product of twenty-four minds, among them the brightest which the state has afforded. The lives and some of the best labors of these men are brought together and edited by W. J. Peele, Esq., of Raleigh, N. C., in a handsome volume of 650 pages, printed in most excellent taste and bound in the best style—an ornament to the men whose virtues it illustrates.

The introduction by the editor (about forty-five pages) is devoted to showing how history is being miswritten, to the prejudice of the south, and has been for a century. The causes of the war between the states, especially the main, underlying and overlooked cause, is used as a most startling illustration. Many facts of far-reaching import are unearthed which northern and foreign historians have systematically suppressed.

N. B. This book will not be on sale—can only be had by order.
There will be but one edition—limited. Its table of contents should be a sufficient recommendation to any North Carolinian.

Wharf for Warships.

Honolulu, Oct. 4, via San Francisco, Oct. 13—Capt. Tanner, U. S. N., who arrived on the Australia, has notified the local government that the United States intends to take a part of the wharf frontage of Honolulu harbor for government purposes. It is intended to construct a coaling wharf and appliances similar to those recently constructed for at Pago Pago, but on a more extensive scale. A wharf is wanted alongside which the largest war vessels may lie and coal without the expense of lighterage. Capt. Tanner has secured maps and other data and will adopt plans at once.

Electric Bitters is the only remedy that will give you prompt and sure relief. They act directly on your liver, stomach and kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at C. E. Holton's drug store. Only 50 cents per bottle.

"Perhaps its none of my business," said the Prowler late last night as he called at the shack on his way home from the show, "but anyhow, whether it is my business or somebody else's business, or if, in fact, it is nobody's business, I would like to know by what rule of right or reason a newspaper man who runs barroom advertisements and circus advertisements in his paper speaks of what is the proper spirit to be cultivated or manifested between members of the church when discussing measures which belong solely to, and pertain to, the individual and collective interests of the said members of the church."

"Tell me if you can. And there is another question I would like to ask: When the board of aldermen say we cannot run our graded schools without the tax from barrooms, and the tax is levied and collected and applied to that use, tell me (not in mournful numbers) if the graded schools are not as much partners in the liquor traffic as is a college endowed with 'cigarette money' a partner in the American Tobacco Company?"

"I have never seen the inside of a college endowed with this money, but I've seen churches with bricks in their walls bought with it, and blessed my soul if I can tell the difference in 'em when the mason slaps the mortar atwixt 'em."

We told the Prowler he was asking questions too fast; that he must give us time to catch our breath.

"Well," said he, "if you can't answer me, I'll have to seek elsewhere for information. Lord Macaulay once said that advertising is to business what steam is to machinery—the Great Propelling Power. Why, then, if the Lord is right, is not the newspaper which advertises barrooms a partner in the barroom business, hey? Some very fine distinctions are being drawn these days and while they are being settled and defined I want these things settled in my mind along with them. And here, before I go put this down: It makes me sick to see a man who is a partner in the liquor traffic shedding tears over the sin of a college in accepting a gracious gift of money from a cigarette manufacturer."

And the Prowler went out into the calm and stilly night to see if all the stars were in place just as they were the night before.

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in its merits do you want? It cures piles, burns, scalds, sores, in the shortest space of time. Howard Gardner.

A Record Breaker.

Col. Julian S. Carr, of Durham, spent yesterday and last night in Raleigh. Col. Carr, loyal patriot that he is, has arranged for the most interesting exhibit at this year's Fair that has ever been displayed by the famous Blackwell Tobacco Company. Manila and Santiago will be shown in miniature with all the interesting incidents that have recently characterized them. This exhibit will be worth coming miles to see.—News and Observer.

DeWitt's Witch Hazel Salve has the largest sale of any salve in the world. This fact and its merit has led dishonest people to attempt to counterfeit it. Look out for the man who attempts to deceive you when you call for DeWitt's Witch Hazel Salve, the great pile cure.

An Ungrateful Wretch.

"Agnes married a man who was reared in an orphan's home."
"Well, how did that work?"
"He told her that her pumpkin pie wasn't as good as the mutton used to make."—Chicago Record.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

Wharton & McAllister's new office
building is now making a show of it-
self and from present appearances it
will be a beauty. The outside will be
of beautiful Richmond clay brick and
the large walls will be the prettiest in
the city. Probably we had better ex-
pect our new depot.

The foundation for Hagan's flats
was laid sometime ago, and there the
work stood for more than a week and
it looked as though it had stopped.
But before any one knew it Mr.
Woodroffe sent a number
of carpenters over and had the frame
of one of them up in no time. That's
the way we do things in Greensboro.

"Lady Audley's Secret."

The above entitled drama was pre-
sented by the Chas. C. Vaught Com-
pany at the Academy of Music last
night. The audience was smaller than
on the previous night, but those pres-
ent went away wondering at the splen-
did performance given by a popular
priced show.

It was clearly demonstrated that this
company can play a dramatic piece as
well as a comedy. Last night's presen-
tation of "Lady Audley's Secret" was
as well handled as any high-priced
show giving this class of performance
that we have seen here. Tonight the
old but ever popular "East Lynne"
will be played. The celebrated min-
strel Frank Moran will also appear in
his noted monologue.

Tomorrow afternoon at the matinee
the "Prince of Liars" will be repeated
and tomorrow night a bill that will
never grow old, "Ten Nights in a Bar-
room" will be played.

Those children's shoes you have
been wanting to find—the kind with a
long sole leather tip extending around
the toe and sides of the shoe—all now
carried in stock at Thacker & Brock-
mann's. They only cost ten cents a
pair more than the ordinary shoes and
will last small boys and girls just
about twice as long as shoes made
without this extra protection.

Persons desiring to inspect the Van-
bokenlin property west of the city on
Battle Ground avenue will find a con-
veyance at McAdoo House every af-
ternoon this week at 3 o'clock.

Our Grand Fall Opening

Takes Place

Saturday and Monday
Oct. 8th and 10th.

We want each and every one of our
friends and patrons to consider them-
selves personally invited to attend our
GRAND FALL OPENING, SATUR-
DAY AND MONDAY, Oct 8th and
10th. We refrained from sending out
special announcement cards, as we
think it but fair that each and all
should alike receive a cordial invita-
tion. While our store contains the
richest, the finest, the most exclusive,
of all the New Fall goods, those whose
taste and purse runs along more mod-
est lines have not been forgotten. So
we take this the most public, the most
far-reaching way, to extend to each
and all a hearty welcome to our dis-
play for the Fall and coming Winter.

Our preparations have been extra-
ordinary, and we want you to enjoy
the fruit of our labor, time and enter-
prise. All departments will appeal to
you items of special interest,
whose "OPENING" prices will make
your coming worth while.

Evening Reception will be held
Saturday and Monday, Oct. 8th and
10th, from 7.30 to 9.30. Prof. Elam's
fine Greensboro Orchestra will be in
attendance and render all the popular
airs of the day to enliven the occasion.

Store will close at 6.30 P. M.; o-
pen at 7.30 sharp, when we will wel-
come all to the reception.

The Art of Buying Well

is the secret of success, domestic
happiness and comfort, where your
coal supply is concerned. No thought-
ful man would buy coal just because
it is cheap. A considerate man thinks
of those who have to use it, and en-
deavors to save them trouble and an-
noyance by seeking quality. We have
the combination of the best coal mined
and the very lowest prices. Let us
have your orders.
